USI would like to welcome to our Sales and Training Team Jerry Holton, Technical Sales Rep in New York. Jerry is a Petroleum Operators Engineer (P.O.E.), as well as NACE CIP III & NACE CP II Coating Inspector. He comes to USI with over 30 years of coating experience.

Q: What do you like about the coating business?

A: *What I like is what keeps me going at age 73. We need new blood in the industry. I enjoy being able to mentor and pass on my knowledge to the young people. We need new blood.*

Q: What can you offer to our current or future customers that might also coincide with USI 3 T's, Technical Support, Training and Trouble Shooting?

A: *With my years in the industry, I feel I will be an asset with all three as regards to coatings. But as always I have more to learn. I am looking forward to this new adventure in my life.*
