Leading Edge

USI IS YOUR TRAINING EXPERTS IN PIPELINE COATING MIXING AND APPLICATION

Stay on top of the new requirements amend
49 CFR 192 that will take effect on May 24, 2023.
<https://www.usigroups.com/category/industry-news/>

Our Expert Certified Coating Inspectors and Trainers are able to conduct on-site training and answer questions for your team on important topics such as:

- **Surface Preparation** - What is SSPC-SP-1 or the importance of SP-2 or SP-3 blasting to remove sharp edges?
- What is the difference between **Cleanliness and Anchor Profile**?
- When do you have to worry about **Relative Humidity and Dew-point**?
- What is more important - **Pipe Surface Temperature or Air Temperature**?
- Why is it important to **Mix & Apply Coatings Properly**? 

Contact USI Today at: 248-735-7000 or office@USIgroups.com

ON-SITE TRAINING

Denso Bore-Wrap®

Denso Bore-Wrap® is an Abrasion Resistant Outerwrap (ARO) that has excellent performance against impact, gouge, abrasion, and fracture to protect anti-corrosion coatings during pipeline installations in difficult terrain or by means of **trenchless installation methods such as directional drilling, HDD or boring**. Bore-Wrap creates an abrasion resistant, sacrificial outer laminate which protects pre-approved field joint coatings and mainline coatings such as epoxies, shrink sleeves, 3LPE, 3LPP and FBE.

Keeping You in the Know Since 2002

USI Dates to Remember

May 9-11 - AUCSC (Appalachian Underground Corrosion Short Course) (Morgantown, WV)

May 18 - Indiana Corrosion Society (ICS) Meeting (Indianapolis, IN)

June 9 - USI Dayton-Cincinnati Golf Outing (Miamisburg, OH)

June 16 - USI Wixom, MI Golf Outing (Milford, MI)

Densyl Tape

Densyl Tape is composed of a non-woven synthetic fabric carrier, fully impregnated with a neutral compound based on saturated petrolatum and inert siliceous fillers.

Densyl Tapes are designed to withstand extreme temperature variations. The tapes provide long term corrosion protection to pipes, flanges, valves, and related surfaces.

Call us @ 248.735.7000 for a FREE demonstration.

PRODUCT HIGHLIGHT

VpCI®-126 Blue Series

iCortec® VpCI®-126

Blue is heat-sealable and can be used with all types of manual or automated heat-seal packaging equipment. The material protects small or large parts, and is available in a variety of standard and customized forms including bags, sheeting-reinforced film, Zip-Lock and Autobags, gusseted liners, bags-on-a-roll, perforated sheeting, coil covers, shrink film, and tubing. This state-of-the-art film construction provides multi-metal protection for parts, equipment, and vehicles for up to three years, even in aggressive outdoor conditions.

Metal parts packaged in VpCI-126 EM UV Film receive continuous protection against salt air and humid environments, moisture, aggressive industrial atmospheres, and dissimilar metal corrosion.

Call us @ 248.735.7000 for a FREE demonstration.
