Partnering with Your Industry to Repair - Protect - Upgrade

Leading Edge

USI HAS THE COATINGS YOU NEED AND THE MEANS TO DELIVER THEM TO YOU >>> FAST.

As you can likely imagine, no one coating can do it all. That is why so many satisfied Unconventional Solutions customers come back to USI every time to reorder. Because they know not only will they get great brands like SPC, Denso, 3M and others, but they will get the technical support and troubleshooting to guide them toward the right coating for the application. USI's Trained Coating Inspectors will guide you asking questions such as:

- Does it need to handle HDD's or bores?
- Is the pipe surface going to dry, damp or wet?
- Will it be applied to hot or cold pipe surfaces?
- It is for an integrity dig and maintenance coating or new pipeline construction?
- What type of surface preparation will your work force be able to use?

If you have new team members that need coating training, USI has authorized Inspectors that can train owners and contractors on many of the pipeline coatings we stock.

BOOK YOUR TRAINING TODAY! 

FAST DELIVERY - SAME DAY SHIPPING - HOT SHOT DELIVERY

INDUSTRY NEWS UPDATE

PHMSA's New Rule Updates Pipeline Corrosion Control Requirements

This updated article summarizes what industry professionals need to know about the impact of this final rule on protective coatings, cathodic protection (CP) surveys, and internal corrosion monitoring and mitigation. www.usigroups.com/category/industry-news/

Keeping You in the Know Since 2002

USI Dates to Remember

OPEN July 3

Closed - July 4. Have a Great Holiday!!

July 27 - OGO Golf Outing (Columbus, OH)

August 15-18 - MEA (Cincinnati Ohio)

Thank you

for making our Annual Customer Appreciation Golf Outing successful! We had another very fun and successful outing this year with golfers, sponsors and staff, coming together. Hope to see you next year.

PRODUCT HIGHLIGHT

MBX® Bristle Blaster

MBX® Bristle Blaster simplifies the surface preparation operation and reduces expense through the elimination of expensive equipment, media, and extensive environmental and safety measures.

MBX® Bristle Blaster removes what you want without removing healthy material. It generates anchor profiles ranging from 2.5 to 3.3mil on steel, weld seams, edges, around bolts, and on surface irregularities. It restores corroded and pitted surfaces to near white metal or white metal appearance and does so quickly!

- Coating & Scale Removal
- Corrosion Removal
- Weld Cleaning & Roughening
- Decontamination
- Surface Profiling
- Feathering Applications
- Available in Cordless or Electric
