

## Why USI?

Since 2002, we've provided consultation, repairs, and products necessary for corrosion prevention and control. When it comes to safeguarding your company's critical infrastructure, USI Groups delivers the ultimate peace of mind.

### PREVENT COSTLY DOWNTIME

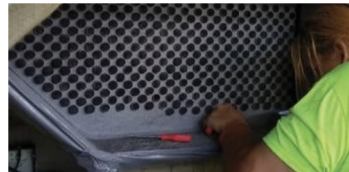

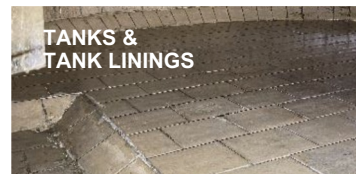

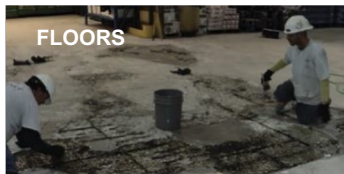

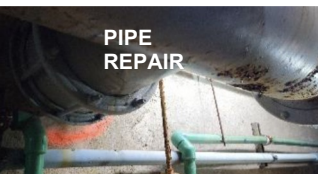

With on-site technical support, AMPP training, and timely repairs, we help the pulp and paper industries keep their critical infrastructure operating at peak performance. We believe that repair, rather than disposal, allows your infrastructure to rebound quickly and fosters a future of sustainability.

### TROUBLESHOOT CRITICAL ISSUES

When your industrial machinery, equipment, or facilities aren't performing at a high level or unexpected downtime occurs, our AMPP-certified coating inspectors can diagnose the issue and assign a solution.

### FAST-FRIENDLY DELIVERY

To provide lightning-quick delivery, USI has multiple warehouses stocked with engineering repair, ceramic lining systems, high-performance paints and linings, pipeline coatings, and vapor phase corrosion inhibitor products.
