

## Gutter Repair & Waterproofing

### PROBLEM

This gutter had been cut all the way through and was leaking very badly.

The customer needed a quick emergency solution to stop the leak.

### SUBSTRATE

Aluminum

### PRODUCTS USED

[Resimac ResiChem 551 ER Membrane](#)

### SOLUTION

**Resimac ResiChem 551 ER Membrane** was used to make the repair.

**Resimac ResiChem 551 ER Membrane** is a solvent based fibrous acrylic coating designed for application onto manual prepared surfaces and in colder climates.

The coating has been designed as an emergency waterproof coating that can be applied to leaking mineral felt, GRP, metal and concrete surfaces.

The product can be used for small in-situ repairs or as a low cost short term waterproofing system for roof and gutter surfaces.
