Protect Your Infrastructure — Schedule Your Free Corrosion Assessment

We understand the pressure to **hit production targets** while keeping equipment running **safely and reliably**. **Abrasion, corrosion, and erosion** don't wait and unexpected failures can lead to **costly downtime, safety concerns, and long lead times** for replacement parts.

That's why we'd like to **partner** with you to **protect** your infrastructure before problems start.

Why a Corrosion Assessment Matters

Our team can visit your facility at no cost (a **\$3,500 value**) to evaluate vulnerable assets and identify opportunities to:

- **Extend the lifespan of machinery and equipment**
- **Prevent unscheduled downtime**
- **Increase safety and reliability**
- **Reduce dependency on long lead replacement components**
- **Improve asset performance and longevity**

During the assessment, we'll provide **practical recommendations** and **outline repair and protection** options tailored to your operating environment and budget.

Expert Support from Start to Finish

Whether you need **technical assistance, hands-on training, or troubleshooting** during a repair, our **experts** are ready to help ensure **project success**.

Our goal is simple: deliver innovative, dependable solutions that keep your facility productive and running smoothly

Save \$3,500 - Book Your Free Corrosion Assessment Today

Let us walk your site, identify risk areas, and help you build a proactive plan for 2026. Email or call: Office@usigroups.com - (248) 735 - 7000
